

Precision Under Pressure

## Valve & Flow-Control Solutions

### Valve Solutions

#### Pneumatic Valves

- Pneumatic control valves
- Pneumatic on/off valves
- Actuator-operated control valves

#### Shut-Off Valves

- Ball valves
- Gate valves
- Butterfly valves

### Why Choose FlowEdge

- ✓ Mechanical-First Engineering Approach
- ✓ Industrial Application Expertise
- ✓ Trusted Manufacturer Partnerships
- ✓ Reliable, Durable Solutions

### Valve Configurations

#### 2-Way Control Valves

- Start/stop and throttling applications

#### 3-Way Control Valves

- Flow diversion and mixing duties

### Why Choose FlowEdge

- ✓ Mechanical-First Engineering Approach
- ✓ Industrial Application Expertise
- ✓ Trusted Manufacturer Partnerships
- ✓ Reliable, Durable Solutions

### Additional Valve Types We Supply

Globe Valves

Check Valves

Safety Relief Valves

Pressure Reducing Valves

Solenoid Valves

Diaphragm Valves

Knife Gate Valves

Pinch Valves

Lined Valves

Y-Strainers

### Contact Us

## Boiler & Steam System Spares

### Boiler Replacement Parts We Supply

#### Steam Traps

• Steam Traps

#### Safety Valves

• Safety Valves

#### Boiler Tubes

• Boiler Tubes

#### Feed Water Pumps

• Feed Water Pumps

#### Water Level Controls

• Gaskets & Seals

#### Gaskets & Seals

• Spiral wound gaskets

#### Burner Nozzles & Igniters

• Water Level Gauges

• Water Level Gauges

### Key Components

#### Boiler Feed Pumps

- Critical for feeding water into the boiler at proper pressure;
- Maintain consistent water level in the boiler;

#### Steam Traps

- Remove condensate and air from steam lines;
- ► Improved steam efficiency, prevents water hammer

#### Burner Nozzles & Igniters

- Essential for proper combustion in burner assemblies.
- Various sizes and configurations available.

#### Gaskets & Seals

- High-temperature gaskets to ensure leak-free operation;
- ► Suitable for extreme steam and pressure conditions.

### Applications

- Industrial Boilers
- Food & Beverage Steam Systems
- Hospitals & Laundry Boilers
- Power Plants
- Steam Systems

**FlowEdge**  
Industrial Solution Ltd  
Precision Under Pressure

*Advanced Solutions for Clean Water*

## OUR PRODUCTS

 Reverse Osmosis Systems

 Ultrafiltration Units

 Water Softeners

 Filtration & UV Systems

## WHY CHOOSE US?

 High Efficiency Systems

 Custom Engineered Solutions

 Expert Support & Service

## APPLICATIONS

 Manufacturing & Process Plants

 Food & Beverage Industry

 Power Generation

 Municipal & Wastewater Treatment
